Kamran Orhun Email: kamuran12580@gmail.com

## EXPERIENCE

• Oracle Remote

Senior Member of Technical Staff

May 2020 - November 2021

- TensorFlow is an open source software library for numerical computation using data flow graphs; primarily used for training deep learning models. Worked on APIs and performance for training models on Tensor Processing Units (TPU).
- Apache Beam is a unified model for defining both batch and streaming data-parallel processing pipelines, as well as a set of language-specific SDKs for constructing pipelines and runners.

• Amazon Seattle, WA

Software Development Engineer

May 2020 - November 2021

- TensorFlow is an open source software library for numerical computation using data flow graphs; primarily used for training deep learning models. Worked on APIs and performance for training models on Tensor Processing Units (TPU).
- Apache Beam is a unified model for defining both batch and streaming data-parallel processing pipelines, as well as a set of language-specific SDKs for constructing pipelines and runners.

## PROJECTS

- Open source python library for financial data analysis and machine learning for finance. Data Visualization of Git Log data using D3 to analyze project trends over time.
- Music and Movie recommender systems using collaborative filtering on public datasets. Book that gives step by step instructions on setting up developer environment on Mac OS.

## Programming Skills

• Languages: Scala, Python, Javascript, C++, SQL, Java Technologies: AWS, Play, React, Kafka, GCE

## EDUCATION

• George Mason University

Bachelor of Science in Computer Science

Fairfax, VA

Sep. 2016 - May. 2020
